Fast, Fresh, Fit

That's the motto here at George's Greek Grill and it's a philosophy shared by our Executive Chef Kameron A. George's Greek Grill was founded on two things. A love for traditional Mediterranean food and a passion for feeding it to people.

When Kameron was only 12 years old he lost his beloved mother who loved to cook and taught him everything there is to know about the kitchen. Kameron took it upon himself to take over his mamas role in the kitchen and began cooking delicious meals for the whole family just like his mother would. After years of mastering his skills and traveling the world to develop unique flavor profiles he crafted his very own mouthwatering creations based on his mother's recipes. Kameron decided to follow his passion and open a restaurant founded on a menu that integrated tradition and healthy meals while supporting local vendors & local farms. We've been in business for about two decades and our menu features locally grown, farm fresh produce with no GMOs or processed meats. All of our sauces are made from scratch, our ground beef kabobs are made from angus beef and ground in house, all of our soups are made fresh daily on site and our baklava is definitely mama approved. Now we have 4 fabulous locations in DTLA and West Hollywood and we plan on expanding to all parts of LA and even Las Vegas in the next 2 years.

We also offer vegan, gluten-free and organic options to satisfy each and every guest! With affordable catering options beginning at \$ 15 per person we make the party delicious and affordable.

The rich flavors of Greek cuisine come together through the unique use of fresh herbs and spices. Greece is a land abundant in fruits and vegetables that are combined in multiple ways and seasoned with the passion of its chef for a flavorful experience like no other.

Welcome into our kitchen or let our kitchen come to your next event in a celebration of food, friends and life! Opa!
